Thank you to all who came to the
Christmas meal 2019, 22 strong!

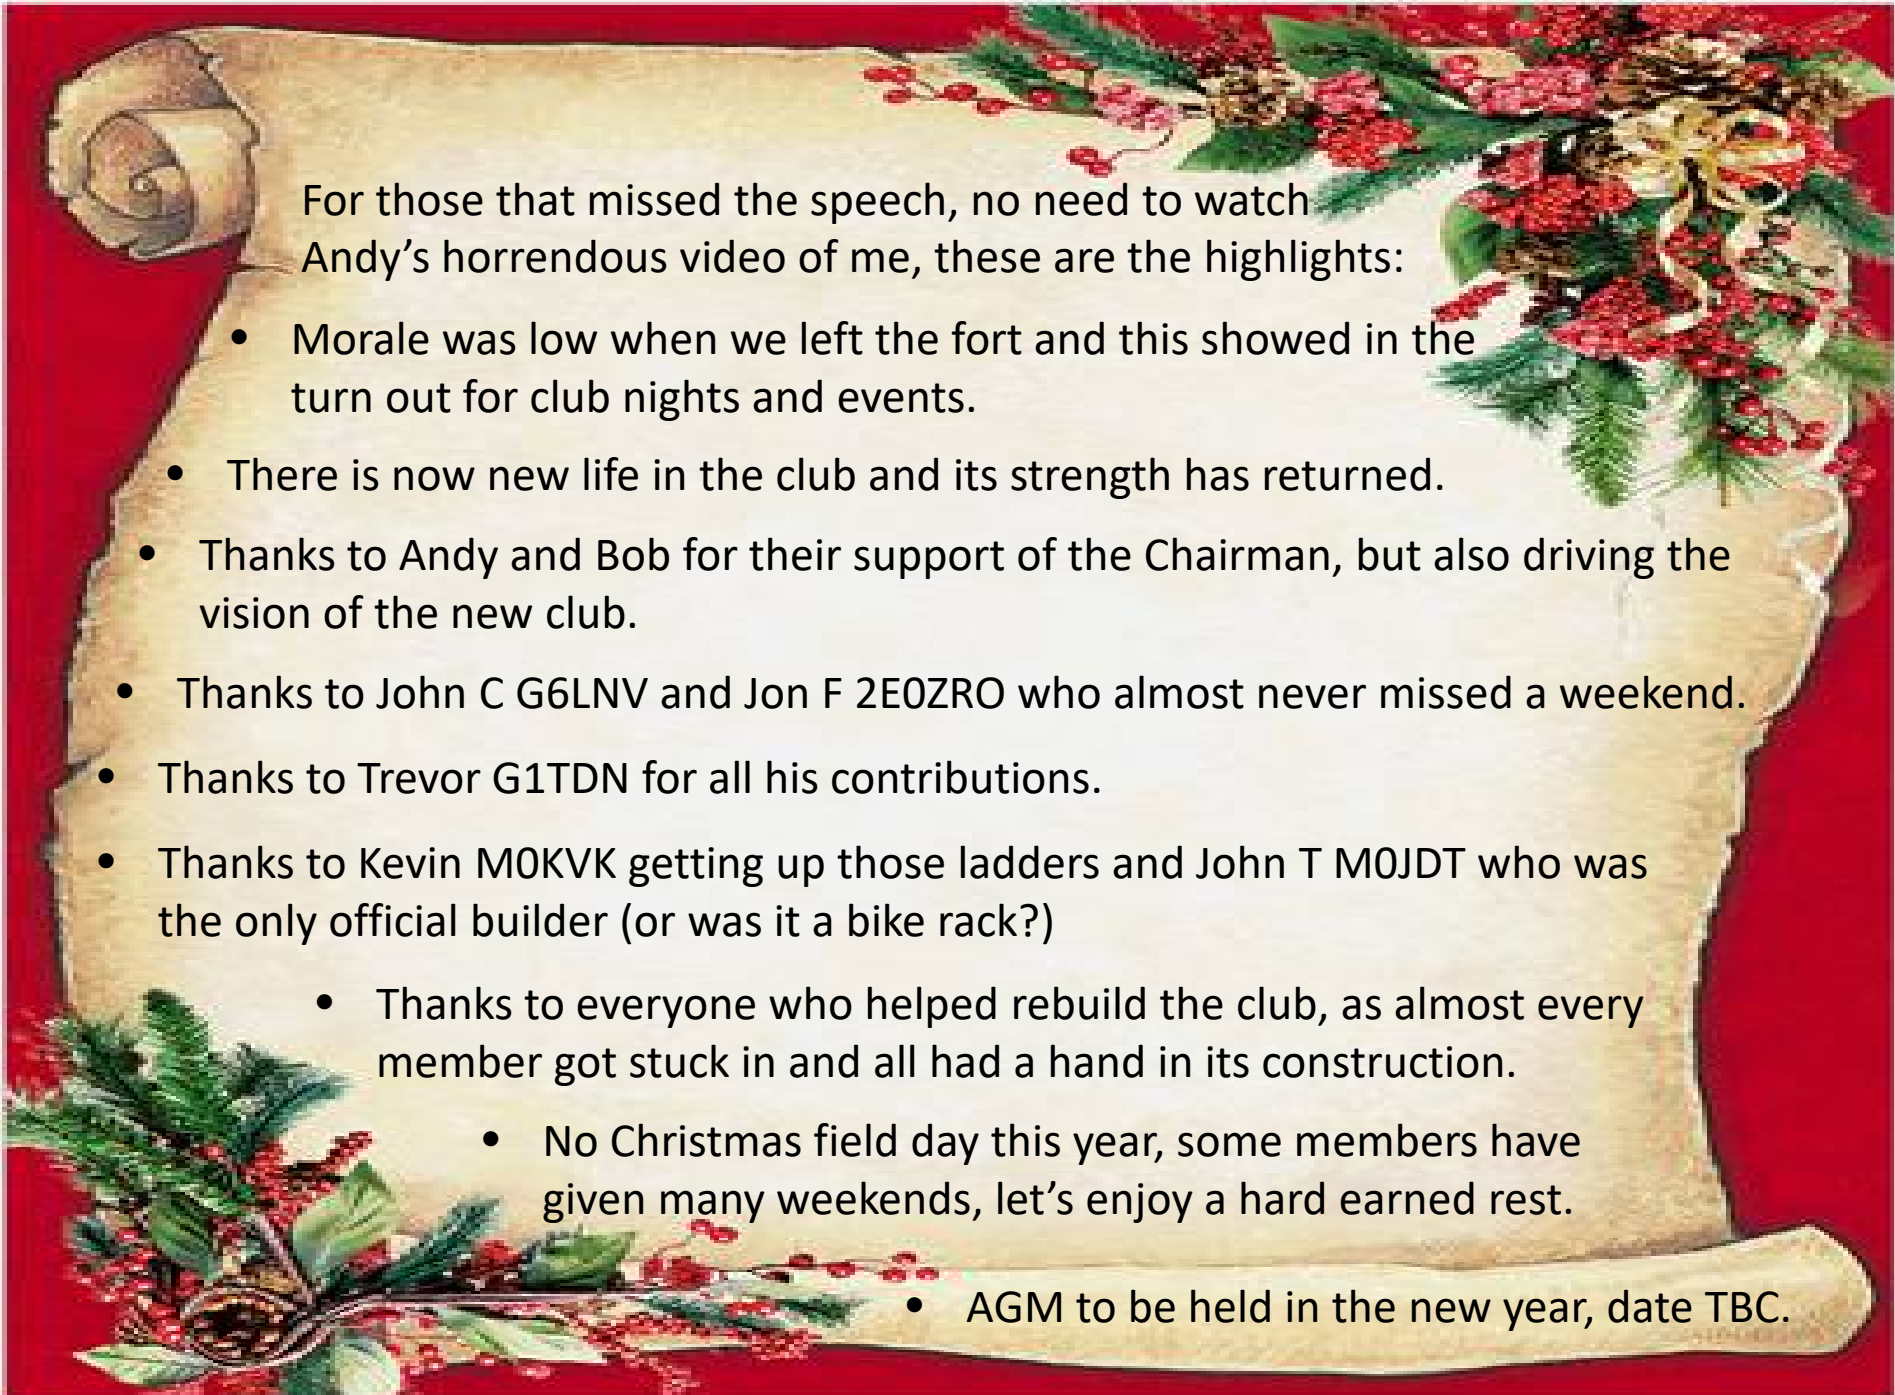

It was a fantastic night, even though Andy pulled a fast one on me and convinced me to give a speech, I am glad I got to express the gratitude I have for all those who helped me and the club over the last year and a half.

Great company and great food.
We will definitely try and get in
Napoleon's next year, watch this
space for an invite in the new
year.

No commentary required!
This is just what happens
when Andy has a couple...
of orange juices.

A scroll with a red background and holly decorations. The scroll is unrolled, showing text. The background is a solid red color. The scroll is decorated with holly leaves and red berries. The text is written in a simple, black, sans-serif font. The scroll is framed by a white border.

For those that missed the speech, no need to watch Andy's horrendous video of me, these are the highlights:

- Morale was low when we left the fort and this showed in the turn out for club nights and events.
- There is now new life in the club and its strength has returned.
- Thanks to Andy and Bob for their support of the Chairman, but also driving the vision of the new club.
- Thanks to John C G6LNV and Jon F 2E0ZRO who almost never missed a weekend.
- Thanks to Trevor G1TDN for all his contributions.
- Thanks to Kevin MOKVK getting up those ladders and John T M0JDT who was the only official builder (or was it a bike rack?)
 - Thanks to everyone who helped rebuild the club, as almost every member got stuck in and all had a hand in its construction.
 - No Christmas field day this year, some members have given many weekends, let's enjoy a hard earned rest.
 - AGM to be held in the new year, date TBC.
